

UNICITY BODY WASH

Our skin plays an important part as the largest organ of the body, serving as both protection and warning for the immediate environment.

Feel clean and fresh after every bath with Unicity Body Wash, a well-balanced combination suitable for a range of skin types.

The Unicity formula not only cleanses the skin of perspiration, dirt and build-ups, but also replaces natural

oils stripped from skin during cleansing to keep the skin hydrated.

BENEFITS

Suitable for sensitive skin, clear gel works into a bubbly lather which gently cleanses while replenishing skin's moisture for visibly healthy skin.

Contains natural extracts which help control the balance of oils on skin for optimal hydration.

SUGGESTED USE

Apply gel soap to wet skin and work into a bubbly lather.

Rinse thoroughly.

For best results, apply Unicity Body Lotion after bath, while skin is still damp.
