

UNICITY OASIS

Feel the glow – for your youthful appearance

Each Unicity product has been developed to make your life better. Our excellent science-based products can contribute significantly to supporting metabolic functions and overall wellness!

IDEAL FOR ALL THOSE WHO...

- Understand nutrition as part of skin care
- Want to maintain the youthful appearance of their skin from within

PRODUCT DESCRIPTION

Collagen and hyaluronic acid have become essential ingredients in anti-ageing skin care: the structural protein collagen is an integral part of the skin and ensures firmness and elasticity. Hyaluronic acid retains moisture and thus supports the firm, radiant appearance of the skin. But even the best creams and serums only work superficially!

Go for a new dimension in skin care with the collagen drink Unicity Oasis: Valuable marine collagen peptides, hyaluronic acid and vitamin C support the radiant, youthful appearance of your skin from the inside. And it also tastes incredibly delicious!
