

# UNICITY HAWAIIAN NONI

Unicity's Hawaiian Noni® is a concentrated fruit drink that has been used for centuries in the South Pacific for nutritional support.\*

The noni plant has many folk-remedy uses. It is fabled among the Polynesian peoples to especially help support the body's respiratory, immune, digestive, and structural systems. The noni fruit, which has been valued by native peoples for centuries, now comes to you in a powder drink mix from Unicity with the added benefits of Indian mulberry, papaya, and aloe vera. We bring to you Hawaiian Noni®, which we feel is the best-tasting noni formula on the market.

Unicity uses a more potent form of noni than some of our competitors' noni beverage products. In addition, our noni product is not conducive to microbial growth, thus leading to a longer shelf life.\*

## FEATURES & BENEFITS

- Convenient Powder Drink Mix.
- Best tasting nonin product in the market using pure dehydrated fruit, contains the purest form of noni available unadulterated by water or seed pulp.
- Contains the purest form of noni available.
- Has long shelf life.
- Supports the body's Respiratory, Immune, Digestive and Structural systems.
