

UNICITY TOOTHPASTE

Nutrition comes from the food we eat, and good oral hygiene is essential in supporting healthy teeth and gums which are important for the consumption and enjoyment of food in our daily life.

Unicity Toothpaste incorporates a carrageenan-free formula which helps gently remove dental plaque and prevents dental calculus deposits on the tooth surface.

With a proprietary blend of herbal extracts such as spearmint, chinese cinnamon and anise, Unicity Toothpaste cleans and protects your teeth daily for a fresh, beautiful smile..

BENEFITS

Calcium carbonate and dental silica gently exfoliates surface of teeth to remove dental plaque.

Sodium pyrophosphate content helps prevent dental calculus (tartar) buildup between teeth.

Herbal extract blend helps eliminate bad breath (halitosis).

SUGGESTED USE

Apply toothpaste to toothbrush and brush thoroughly.

Brush after each meal, or as directed by your dentist or physician.

For children under two years of age, consult a dentist or doctor prior to use.
